When Jesus heard that, he said, This sickness is not unto death, but for the glory of God, that the Son of God might be glorified thereby.

John 11:4

February 11, 2022

Dearest Brothers and Sisters,

Great joy and thankfulness are my part for the incredible miracle that God has done in my body in January 2022. The Lord put it on my heart to share this with you all. **Please distribute this for HIS Glory and to encourage many others!** Also, I have a very important prayer request at the end, thank you so much.

Many around the world have prayed for a miracle to happen and God answered these prayers! **Please be encouraged that miracles still happen today and that God hears the cries of our hearts.**

Around October 2021 I felt a sharp pain in my chest that lasted for about 20 minutes. After that I started to have pain in my right shoulder and around my ribs. An Ultrasound scan of my shoulder, in the hospital, did not show any abnormalities. However, the sharp pain in my right shoulder and ribs started to increase. In December I noticed my abdomen had started to swell and it also felt really hard. I gained weight quickly and I saw the volume of my belly and stomach increasing every day. I knew something was very wrong. The general practitioner said she had never seen such a hard swollen belly and I had to convince her that I was not heavily pregnant.

The ultrasound scan from the hospital showed a voluminous Multilocular Ovarian Cyst in the abdomen. The height was 25cm and 23cm in diameter. There was a huge pressure on my organs and an amount of Ascites around my liver and spleen as well as between the intestinal structures. The cystic mass completely covered my pelvis right up to my breasts. The cyst showed dark but it also showed multiple enhancing septa and capricious colouring solid occurring components. It was almost certain to be malignant.

I had a lot of pain in my liver, spleen, heart and around my ribs, radiating to my right shoulder, due to the pressure. Sleep was very difficult because of the pain and I could hardly walk anymore. I also started to have some vaginal bleeding.

The examination with the gynaecologist showed a very large heterogeneous mass with irregular multi-solid mass projections into the cyst and vascularization, which showed it was 99.5% malignant. She was honest with me and told me it did not look good. She was not even sure if the mass could be completely taken out. She had never seen such a thing before and sent me to a team of specialists who had a meeting the next day.

I had a consultation that day with one of the surgeons who told me this mass was so huge and should be taken out as soon as possible. They had decided not to give me chemotherapy in advance, which they would normally do, because of the urgency. There was no more time and the operation was scheduled four days later. They would remove the mass, if possible, uterus and both ovaries. The operation could take between three to five hours, as there was a risk of complications. The doctor said there was a chance that she would only be able to take out a little piece, close me up again, give me chemo and then operate again. She was also talking about chemo afterwards to kill any unseen malignant cells. There was also a possibility that a piece of my intestines would have to be removed or anything else, which could result in a stoma, temporarily or forever, but they would only see that once they opened me up, as the mass was covering up everything, and so they could not even see any details. She just knew it came from one of my oviducts. This specialised team had removed huge masses like this before, but the surgeon told me they have always been malignant.

At this time, many people were praying for me and one prayer point was that God would untie the mass, so that the surgeons could take it out as one piece. Now I started to feel the mass moving at times. ***Was God answering our prayers?***

At this point I also thought there was a possibility I could die and eventually I prayed for God's will to be done. If God planned to call me home then that was ok for me, but I was very sad I would not see my husband anymore. Read on for further explanation. There was so much I wanted to share with him.

"How long did they operate?" I asked the nurse. I had just woken up and knew I was in the recovery room. *"1½ hours"* she answered. *"Oh no, that is way too short!"* I was thinking. A flood of thoughts ran through my mind in just seconds. The surgeon had explained to me earlier that if I wanted to find out if the operation was a success, I had to ask how long it had taken. If they answered between three to five hours, it would be good. Anything shorter would not be good, especially not 1½ hours, which was extremely short. Despite the answer I heard, I felt peace inside. It felt I was delivered from something huge, not only from the tumour but also from a huge amount of grief and emotional pain. **God does so much more than we pray for!** Then I heard the nurse say that all went well and that the surgeons were able to take everything out. Apparently, there had been no complications at all.

I knew God had done His miracle. I was so relieved and at peace. I told the nurse my story and throughout the whole night we talked about faith and God. *"You should write a third book about the miracle God did, as you are still alive!"* she said. **Yes I was still alive and that was God's miracle.** What a wonderful witnessing night this was!

I need to share what happened before my operation, because it is all part of this story and of God's mighty power.

Three nights before my operation my husband called me from Wales. I had not heard from him for about eight months. A few friends decided to let the cult leader Kindle know about

my medical situation, so my husband could come back home to Belgium to arrange things. She must have told him as he called me. After he asked me how I was doing and what was going on, he changed his tone and told me that this was exactly what Kindle said would happen to me. She sends death curses and cancer to anyone who leaves the cult or stops supporting her. I could hear very well that my husband was instructed by Kindle to tell me that I had to take offline the two books that I had written in 2021 about my experiences in the cult. The Holy Spirit led me in an amazing way to write and publish the books in a very short amount of time. Things had to be exposed and the books have helped and blessed many others by now.

My husband said that if I did not take the books offline right away, I would not survive and go straight to hell. When he told me that, though he has not read the books as he is probably not allowed to by the cult leader, I could not even remember the passwords nor did I remember how to take the books off. I was praying and seeking God's will but had a total blackout and it was clear it was not God's will that these books were to be taken offline, as He told me to write them. Apparently, they were serving their purpose. It was very hard for me to even speak at that time, as the pressure in my chest was so heavy. I told my husband I could not take the books offline. I was also about to leave the house as I was spending the night with friends from church to have some more comfort.

My husband also told me we could have contact again once I had taken the books offline. Wow, what a wicked manipulation, clearly dictated by the cult leader Kindle, and it was most probably another lie. There was no way I would make compromises with the enemy. I trusted God and just left it all in His Hands. He is Master over life and death, not some narcissistic religious cult leader who even claims to be part of the Godhead.

The surgeon showed me the picture of the tumour they took out a couple of days earlier. It looked very gross and massive **3.5kg**, but it was also in one piece. **That alone was a miracle.** The doctor told me she could take it out very easily as one big piece without any complications. **That was exactly what we prayed for!** She did all that and the debulking surgery in only 1½ hours. **Now that is a miracle!** It would still take another week to know any further results.

Hundreds of people were praying and fasting worldwide for a miracle to happen, and it had already happened. Now it needed to be concluded with a grand miracle. **The tumour needed to turn from malignant to benign.** I had peace that God would do this for His glory. The day finally arrived and the surgeon had a big smile on her face when she told me that she had very good news. **There was no cancer at all, it was just a big Cyst and everything had been removed, she declared me healed and the big cut of the operation would only leave a tiny white line.** No further treatment or medication was necessary.

I was happy my friend from church was with me because I thought I was dreaming. **God really did His grand miracle!!** Wow, I was overwhelmed. We then told the surgeon that we are born again Christians and that many people had prayed for this miracle to happen, and that we even prayed for her. She was so happy to hear that we also prayed for her, and she

said she also believed that faith was very important. We gave her a small New Testament and a little flyer how to know God and Jesus. She gladly accepted it.

ALL GLORY TO GOD ALMIGHTY AND JESUS! I had the privilege to witness to four people during my week in the hospital and that was really special and blessed. What a mighty thing the Lord has done to turn around everything for His Glory! His Name be praised forever more. Please take another minute to read on. . .

MY HEARTFELT PRAYER REQUEST

I have grieved every day last year in 2021 for my sweet husband, pleading God to bring him safely back home. I love him very much and understand that he is just another victim of the web of lies and occult heresy of the narcissistic religious cult leader Keegan Juniper, alias "Kindle the Fire". She has separated me from my husband for many years with false prophecy and that is heartbreaking, as we still love each other very much after almost 27 years of marriage.

I cannot contact him, neither is he allowed to contact me. He lives in Wales, UK with the cult leader, her two little children and a few others. I live in our home in Belgium. I have not seen him for two years now.

Matthew 7:19-21 "Every tree that bringeth not forth good fruit is hewn down, and cast into the fire. 20 Wherefore by their fruits ye shall know them. 21 Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven."

You will know them by their fruits: What I witnessed for nine years in this cult where everything is controlled by the leader Kindle:

"Lies, many false prophecies, forgery through emails sent out in our name, shameless money extortion, all in the name of God with scriptures to condemn us to hell if we do not obey. All relationships must be broken, husbands, wives and children must be abruptly abandoned and never to be contacted or seen again. We lived in total isolation waiting for Jesus to come in the flesh to Kindle, perversity, fornication including Kindle, sexual sin allowed by God when instructed by Kindle and Kindle, herself, was part of a sexual orgy in Israel, a few days before her "holy conception".

Kindle has been in a lesbian sexual relationship with her handmaiden since the day we met her in 2012, this I witnessed all those years while I was in the cult, they used sexual tools to please Kindle. Extreme pride and self-exaltation by Kindle with members having to bow before Kindle when coming in her presence as she says she is the queen of heaven and even part of the Godhead. Kindle rules over the members whilst sitting on a golden throne, instilling fear all the time by falsely predicting that members will lose their salvation if they quit the cult or do not obey Kindle's rules . . ."

I am sure that the members have a sincere desire and deep hunger for God, to love Him and serve Him. Unfortunately, the enemy comes also as an angel of light to deceive many in these last days. God is able and wants to break those ties, but He needs their heartfelt decision to turn around and leave the path of destruction, for that is the agenda behind it.

I pray you will not only have the zeal and love for God to share this miracle testimony, but also please spread around my cry to help my husband, the others and Kindle's poor little children who have been locked up inside for many years and never been to school, never been around other children, forced to fast food.

Kindle uses many different YouTube accounts to comment beneath videos that many of you post. She also writes personal letters with false messages from God to draw you in. But praise the Lord many have been warned already.

Here is my website where you can download my two books for free in which I share openheartedly my extraordinary experiences during my time in the cult. Please share it through your YouTube channels, facebook and any other media sources that you are using to reach and warn many others.

"My precious Jan, it is time to come home and to be embraced by the Father's grace and His healing power. I wait for you every day, and I only have lots of love in my heart for you, God still has a mighty plan for us."

May you all be blessed in Jesus' mighty Name, whose Name is above every name!

Much love, Sabrina De Muynck

Ephesians 1:19-23

¹⁹ And what is the exceeding greatness of his power to us who believe, according to the working of his mighty power,

²⁰ Which he wrought in Christ, when he raised him from the dead, and set him at his own right hand in the heavenly places,

²¹ Far above all principality, and power, and might, and dominion, and every name that is named, not only in this world, but also in that which is to come:

²² And hath put all things under his feet, and gave him to be the head over all things to the church,

²³ Which is his body, the fullness of him that filleth all in all.
